Product Information and Value Proposition

Manufacturing clean, quick and easy partitions for personnel separation.

Manufactured using Acrylic, the Hygiene-Max product is perfect for creating sneeze guards, barriers and partitions in an office, retail or medical environment.

Acrylic is lightweight (half that of glass), strong (9 times stronger than glass), and is suitable for indoor or outdoor use. Produced in a range of sizes and thicknesses we can provide bulk quantities for most applications.

Hygiene-Max sheets can be fabricated, moulded or folded into many shapes. Produced in Taiwan & Malaysia, we can supply high volumes with short lead times. We serve North America, Europe, Asia, Australasia and the Pacific.

Features:

- › High light transmittance up to 93%
- › Safe Electricity Insulation
- › Waterproof & Moisture-proof
- › Made from non-toxic material
- › Chemical Resistant
- › High impact strength

Applications:

- › Sneeze Guards
- › Personnel Barriers
- › Partitioning
- › Room Segments
- › Exhibition signage

Freestanding Guard

- HD1

The most common freestanding sneeze-guard, the HD1, is a professional looking design suitable for most retail counters. It is a mobile, freestanding screen and easy to assemble.

Options:

- Available Screen Sizes are 800x600 (pictured) & 1200x800
- Optional Cut-out; 180Wx200H (small screen) or 400Wx250H (large screen)
- Custom coloured feet for large quantities

Cast Acrylic Sheet

Cast acrylic is produced by infusing the liquid acrylic into glass moulds to form the sheet.

Thickness options:

- › 3mm, 4.5mm, 6mm, 8mm, 10mm, 12mm, 15mm

Max Width:

- › 1.2m

Max Length:

- › 2.4m

Available Colours:

- › Clear, Frosted, Tinted to any colour.

Custom Solution - Design Expertise

Benefit from over 70 years of hands-on experience in casting, extrusion, fabrication and assembly - with our R&D team of 6.

Over this time, we've developed best-practice product development methodology. Contact us to talk about a custom solution for your business.

Advantages:

- › In-house CAD design
- › Connected to an expansive network of technical experts
- › Kiwi ingenuity
